

Inpathy Virtual Group Practice Therapists and Counselors

InSight Telepsychiatry – Inpathy Virtual Group Practice

Position Summary

Inpathy Virtual Group Practice (VGP) providers offer care and management of the behavioral health needs of consumers. Both Inpathy VGP providers and consumers will access sessions and other services through a HIPAA-compliant online system that includes secure videoconferencing, scheduling, intake, billing, messaging and documentation.

Company Description

Inpathy Virtual Group Practice (Inpathy VGP) is the nation's first full behavioral health clinic operated entirely online. Licensed behavioral health providers work from home and see consumers through secure videoconferencing while being fully supported by a remote clinical, administrative, business development and technological team. The Inpathy VGP support team manages the logistics of running the practice so that Inpathy VGP providers can focus on what they do best-- providing quality behavioral health care services.

Inpathy VGP providers serve national and regional contracts with health plans and employers and receive guaranteed set compensation for each online session. Inpathy VGP providers set a monthly, flexible schedule for their online sessions and are able to offer night and weekend appointments that are convenient for consumers and providers. Inpathy VGP providers offer behavioral health care and management to consumers who are in non-traditional locations like their homes or other private spaces. Both Inpathy VGP providers and consumers will access sessions and other services through a HIPAA-compliant online system that includes secure videoconferencing, scheduling, intake, billing, messaging and documentation.

Inpathy VGP was born out of the leading national telepsychiatry organization, InSight Telepsychiatry, and a large behavioral health service organization, the CFG Health Network. The team's experiences in telehealth and onsite behavioral health services influence Inpathy VGP's approach to care. Inpathy VGP has a mission to transform behavioral health care to make care more convenient and accessible for all.
