

Inpathy Virtual Group Practice Psychiatrist

InSight Telepsychiatry – Inpathy Virtual Group Practice

Position Summary

Inpathy Virtual Group Practice (VGP) providers offer care and management of the behavioral health needs of consumers. Both Inpathy VGP providers and consumers will access sessions and other services through a HIPPA-compliant online system that includes secure videoconferencing, scheduling, intake, billing, messaging and documentation.

Organizational Overview

Inpathy Virtual Group Practice (Inpathy VGP) is the nation's first full behavioral health clinic operated entirely online. Licensed behavioral health providers work from home and see consumers through secure videoconferencing while being fully supported by a remote clinical, administrative, business development and technological team. The Inpathy VGP support team manages the logistics of running the practice so that Inpathy VGP providers can focus on what they do best-- providing quality behavioral health care services.

Inpathy VGP was born out of the leading national telepsychiatry organization, InSight Telepsychiatry, and a large behavioral health service organization, the CFG Health Network. The team's experiences in telehealth and onsite behavioral health services influence Inpathy VGP's approach to care. Inpathy VGP has a mission to transform behavioral health care to make care more convenient and accessible for all.
