

Provider Enrollment Coordinator PRN

CFG Health Network – InSight Telepsychiatry: Medical Affairs

Position Summary

InSight Telepsychiatry and the CFG Health Network are seeking a Provider Enrollment Coordinator to work remotely with the Medical Affairs team in Marlton, NJ and connect regularly to a national team of colleagues. This position is responsible for preparing, submitting and tracking credentialing applications and supporting documentation for the purpose of enrolling providers with payers. The Provider Enrollment Coordinator will ensure interpretation and compliance with the appropriate accrediting and regulatory agencies, while developing and maintaining a working knowledge of the statutes and laws relating to credentialing. The position is responsible for the accuracy and integrity of the credentialing database system, CAQH profile and related applications. The Provider Enrollment Coordinator will work under the supervision of the Director of Medical Affairs.

Organization Overview

The CFG Health Network is a family of companies that provides behavioral health services across the spectrum of care. InSight Telepsychiatry is the telemedicine arm of the CFG Health Network and has a mission to increase access to quality behavioral health care through telehealth. InSight’s behavioral health providers bring care into any setting on an on-demand, scheduled or connected services basis. With 18 years of telepsychiatry experience and an active footprint in telepsychiatry-related advocacy, InSight is recognized as an industry thought-leader. Collectively, the CFG Health Network companies share a management team and certain back-office functions. In addition to telepsychiatry, the CFG family of companies provides outpatient behavioral health services, hospital based programs including inpatient psychiatric services, ED evaluations, psychiatric crisis center intervention, medical/surgical services and healthcare services for correctional facilities.

Job Responsibilities

- Ensure applicant eligibility by analyzing a provider’s profile and accompanying documents
- Implement, coordinate and monitor provider enrollment and credentialing process for initial and re-credentialing applications
- Work closely with provider to obtain missing documentation and/or signatures pertaining to enrollment
- Confirm receipt of requested documents, identify and respond to issues that require additional investigation and evaluation, validate discrepancies with provider and facilitate process for payer participation
- Perform timely follow-ups, maintain and update database on the status of application and to report to management and provider
- Enter and maintain credentialing information into CFG credentialing database and CAQH profile
- Monitor documentation expiration dates and acquire the current and updated documentation
- Respond to inquiries from other healthcare organizations, interface with internal and external credentialing issues as they arise for enrollment and contracting matters
- Maintain and utilize the credentialing database to optimize efficiency, perform document generation, and track and report on applicant status
- Assist Medical Affairs Department with special projects
- Other duties as assigned
