

Clinical Specialist

InSight Telepsychiatry – Internal Operations

Position Summary

InSight Telepsychiatry is seeking a clinical specialist to work with the internal operations team in Marlton, NJ and connect regularly to a national team of colleagues. This person will help develop clinical chart best practice initiatives, offer clinical chart review and conduct EMR trainings for our providers on the EMRs at new and existing partner sites. The clinical specialist will be responsible for analyzing provider charts and establishing documentation improvement education plans with our providers. They will also collaborate with our partner sites to ensure provider productivity is maximized and delivery of patient care is not hindered by facility specific EMR challenges. This position will also serve as the education expert for analyzing provider workflows as related to EMR capabilities, developing instructional material and optimizing end-user support courses for provider EMR usage. We are looking for an energetic team member with excellent technical skills, a positive personality and a desire to educate within healthcare. This person reports to the internal operations director.

Organization Overview

InSight is the leading national telepsychiatry service provider organization with a mission to transform access to quality behavioral health care through innovative applications of technology. InSight has two decades of experience with telepsychiatry, and serves hundreds of organizations across the country with its on-demand, scheduled, connected services and Inpathy divisions. InSight is uniquely positioned to offer scalable telepsychiatry services in settings across the continuum of care. InSight has a diverse provider team, a robust internal infrastructure and a history of adapting its programs to fit the needs of a variety of different settings and populations. www.InSightTelepsychiatry.com
